Colleen had a question about the publishing of the drains. She did verify that she did send the posting to the paper. She has not received the affidavit or the posting that it was posted. Brady said if you find that they didn't publish, or you can't get an affidavit. Let Stacy and Dena know. They are trying to the publication of new paper publishing changed legislator. They are looking for any examples where the news papers aren't publishing or not publishing on time. If that has happened someone can challenge on that basis. The odds of that happening are slim. Colleen stated she did receive the affidavit but not the actual posting. Colleen wanted to know if she could circulate the bill with only the affidavit and without the newspaper article. Brady said circulate.

Gladwin County is going to do a field review with Spice Group on the Lyle IC Drain to see if we need to do maintenance. Brady said to let him know what Spicer Group finds out. We get the maintenance approved if that's what we need to do.

We don't need to set a date at this time on the Black Creek and Rilett unless we get some calls.

For the Lyle IC Drain after Spicer Group does their inspection and it is determined that maintenance is required call Brady and a meeting will be set to approve the work.
