AN EVERBRIDGE SOLUTION

Nixle, what is it?

Launched in 2007, Nixle provides an open communication platform that will connect public safety agencies to the residents they serve. Gladwin County has begun utilizing this new service to access important, valuable community information when you need it, using this latest technology.

Gladwin County will create and publish emergency messages through the Nixle Community Information Service. Nixle will then deliver this information to you instantly via text and email. Notification can also be accessed online at Nixle's website at www.nixle.com.

The service is secure, reliable and easy for Gladwin County residents to use.

Nixle is relied on by over 8000 agencies nationwide. Gladwin County will be utilizing Nixle for critical situation such as Severe Weather Events, Missing Persons, Evacuations, Safety Hazards, Security Threats and other relevant safety information.

The National Weather Service also automatically post weather alerts using Nixle.
