

## WELL INFORMATION FOR FLOOD AFFECTED GLADWIN COUNTY RESIDENTS

Any resident in the flood affected areas of Gladwin County that are experiencing well issues since the flood or have had their wells flooded over should follow the following guidelines:

- 1.) Test your well for contaminants. Contact the Health Department at 989-426-9431 ext#1330 regarding test information or well permits.
- 2.) If you are experiencing well issues since the flood, contact a LICENSED well driller.
- 3.) Residents (Homesteaders) that may need financial assistance for well issues can contact MidMichigan Community Action to see if you qualify at 989-426-2801.
- 4.) Any further questions or concerns regarding wells can be directed to EGLE Environmental Assessment Center at 1-800-662-9278
