GLADWIN COUNTY COMMISSION DISTRICT 3

GLADWIN MI.

C.O. Karen Moore Chairwomen

Dear Karen Moore and Commissioners.

I am expressing my interest in being considered for filling the vacancy on your board. My party affiliation is Republican. However considering the current political environment, I should be considered a Conservative Libertarian

A brief description of my background is the following I am 60 years of age, lived in Beaverton Mi. for 11 years. I have lived in several different States, born in Omaha, Ne. I grew up in California, completed High school and attended some College courses. For the past 30 years I have been employed as a commercial truck driver. My background also includes aviation maintenance, commercial construction and mining in Nevada.

I appreciate your time and consideration, as I would find participating on your board interesting and challenging!

Thank you! MP Anderson

To: GLADWIN COUNTY COMMISSIONERS

Re: Position of Gladwin County Commissioner

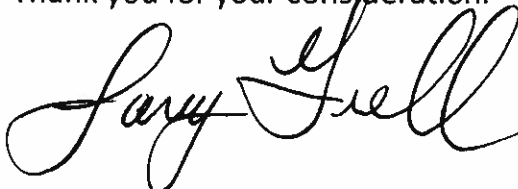

Dear Gladwin County Commissioners:

As a resident of Billings Township, Gladwin County, I am interested in serving in the County Commissioner position that was recently vacated. I would like to be considered for this position as I have experience as Billings Township Supervisor, as well as Trustee. In addition, I was instrumental in starting township supervisor quarterly meetings to further communications between townships September 2018.

I am currently involved with the Board of Review, Zoning Board of Appeals, as well as on the Roads Committee for Billings Township. Also I have interacted with other townships such as Hay, Bentley, and Tobacco, Secord and Clement. I am very interested in the Wixom Lake project.

- Attended Ferris State College, received a degree from Delta College.
- Served as Trustee for Carpenters' Union Local 706, for six years.
- Retired Union Carpenter.

Thank you for your consideration.

ATTN: 3RD DISTRICT VACANCY

I respectfully request that you consider my candidacy for the District 3 County Commissioner position that is currently vacant. I am passionate about improving our County! I have a longstanding devotion to public service, and I am confident the experience and understanding I have developed over the years will be an asset to the community.

- Recently completed a successful tenure with the State of Michigan where I worked with Local, State, and Federal Agencies in the operation, maintenance, and regulation of critical infrastructure.
- Licensed Professional Engineer in good standing with the State of Michigan. Technical background in civil engineering. Budget, finance, A/P, and audit experience throughout my career.
- Extensive experience working with and honoring Collective Bargaining Agreements.
- Ability to communicate effectively with results driven focus.

I have attached a copy of my resume for your review. If the Board votes to place me in the District 3 County Commissioner position, I will be committed to serving the constituents of Bentley, Billings, Bourret, Grim, and Secord Townships at the highest level.

Thank you for this opportunity and I look forward to discussing this position in greater detail.

Michael Szuch, PE

PROFESSIONAL EXPERIENCE

TRI-CITY GROUNDBREAKERS INC., MIDLAND, MARCH, 2021 TO PRESENT

SENIOR PROJECT MANAGER

- Bid preparation, Contract administration and Project Management on civil infrastructure projects throughout the State of Michigan.
- Successfully manage collective bargaining agreements.
- Lead the planning, staging, and construction tasks to complete projects safely and within budget.

STATE OF MICHIGAN MDOT, PORT HURON, SOUTHFIELD, MAY 2003 TO SEPTEMBER 2020

ADMINISTRATOR/MANAGER, BLUE WATER BRIDGE

SENIOR PROJECT MANAGER – PROJECTS & FACILITIES, METRO REGION

OPERATIONS ENGINEER, PORT HURON TSC

- Diversified professional experience in the development, construction, inspection, and operation of several of Michigan's highest-profile projects (e.g. Gordie Howe International Bridge, Blue Water Bridge Plaza Expansion, I-75 Modernization), including land acquisition, demolition, and utility coordination.
- Strategized long-term maintenance and operations plans for the Blue Water Bridge International Border Crossing and Blue Water Bridge Plaza Expansion on behalf of the State of Michigan.
- Ensured project compliance with the environmental clearance process, FEIS, FHWA, DHS, GSA, MDOT, MDEQ, EGLE, MIOSHA and the Collective Bargaining Agreements.
- Directed daily operations (e.g. financial management, budgeting, auditing, public relations, facility management, toll collection, programming) for the twin bridges, toll plaza and facilities, BWB Operations Center, and the Port Huron Welcome Center.
- Generated documents (e.g. Scope of Services, RFPs, Bids, Engineering Estimates) for several road and bridge projects, as well as facility construction and renovation projects.
- Evaluated proposals for consultant services and cost negotiations.
- Executed projects using innovative contracting methods, such as Design Build, CMGC, Fixed Cost Variable Scope, and Public Private Partnerships.

-
- Designed and deployed an Integrated Security System, Operations Center, and Toll Software System for the Blue Water Bridge.
 - Procured professional service contracts and performed construction contract management for federal-aid and local agency projects.
 - Represented the company on policy issues at the city, state, and federal level, such as ACT 51, TEA 21, FAST, NPDES, and NEPA.
 - Aligned objectives and bridged communications with Canadian counterparts at the Federal Bridge Corp. Ltd., Transport Canada, and the WDBA.
 - Defined project scope and objectives to appropriately designate project resources and prepare budgets; monitored and reported on progress to stakeholders.
 - Measured project performance to identify potential improvement opportunities.
 - Accelerated the professional development of personnel through strategic training, supervision, and performance management.
 - Fostered an environment dedicated to safety, efficiency, and quality.
 - Ensured goals are cascaded, communicated, and reported against effectively at every stage of projects.
