The Clerk reviewed with the Board the importance of not signing any canvass document unless they are 100% comfortable with the results they have certified. Discussion on issues from the November Election.

Sherman Township was reviewed for the Harrison Schools bonding proposal. They did a great job with their paperwork and the Clerk will provide them a copy of their canvass worksheet (report card).

The Election was canvassed, and certified, and all reports were signed and sent to Clare County for their final certification.

Respectfully Submitted:
