# Resolution County of Gladwin

## Support for City of Gladwin Iron Filtration Facility

WHEREAS, the City of Gladwin is seeking to improve the quality of its municipal water supply for its industries, businesses and residents by constructing a facility to remove naturally occurring iron and hydrogen sulfide from its municipal well system; and

WHEREAS, certain industries require the best quality water achievable; and

WHEREAS, the City of Gladwin is making application to the USDA and EDA in order to attain funding for this project; and

WHEREAS, the City of Gladwin is seeking community-wide support for its water system improvement efforts.

NOW THEREFORE LET IT BE RESOLVED that Gladwin County recognizes that there is a strong need for the best possible quality water to attract selected industries to the mid-Michigan region in general, and to Gladwin County in particular. This project is critical to the county operations and to help us maintain 115 plus jobs in Gladwin County.

BE IT FURTHER RESOLVED that the County of Gladwin hereby supports the City of Gladwin to improve public water quality for its industry, businesses and residents and hereby supports the application for funding from the USDA and EDA.

The foregoing resolution was offered by County Commissioner Sharon Smith, supported by County Commissioner Jandra Cullman.
