APPENDIX 1

INVESTMENT POLICY FOR THE COUNTY OF GLADWIN AS REQUIRED BY PUBLIC ACT 20 OF 1943, AS AMENDED

1.0 POLICY

It is the policy of Gladwin County to invest public funds in a manner which will ensure the preservation of principal while providing the highest investment return with maximum security, meeting the daily cash flow requirements of the county, and conforming to all state statutes governing the investment of public funds.

2.0 SCOPE

This investment policy applies to all financial assets of the county held by the County Treasurer. These funds are accounted for in the County Treasurer's Annual Financial Report.

3.0 OBJECTIVES

The primary objectives, in priority order, of the County Treasurer's investment activities shall be:

- 3.1 **Safety:** Safety of principal is the foremost objective in the investment of county funds. Investments shall be undertaken in a manner that seeks to ensure the preservation of principal in the overall portfolio. The objective will be to mitigate credit risk and interest rate risk.

Credit Risk (Custodial Risk and Concentration of Credit Risk). The County will minimize Custodial Credit Risk, which is the risk of loss due to the failure of the security issuer or backer, by: limiting investments to the types of securities listed in Section 7.0 of this Investment Policy; and pre-qualifying the financial institutions, broker/dealers, intermediaries, and advisors with which the County will do business in accordance with the Policy.

The County will minimize Concentration of Credit Risk, which is the risk of loss attributed to the magnitude of the County's investment in a single issuer, by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

Interest Rate Risk. The County will minimize Interest Rate Risk, which is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates, by: structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and investing operating funds primarily in shorter-term securities, liquid asset funds, money market mutual funds, or similar investment pools and limiting the average maturity in accordance with the County's known cash requirements.

Foreign Currency Risk. The County is not authorized to invest in investments which have this type of risk pursuant to this Investment Policy.

- 3.2 **Liquidity:** The investment portfolio shall remain sufficiently liquid to enable the county treasurer to meet all operating requirements that might be reasonably anticipated.
- 3.3 **Return of investments:** The investment portfolio shall be designed with the objective of attaining a rate of return throughout budgetary and economic cycles, commensurate with the investment risk constraints and the cash flow characteristics of the portfolio.

4.0 **DIVERSIFICATION**

The County Treasurer shall diversify his/her investments by security type and institution. With the exception of U.S. Treasury securities and authorized investment pools, no more than 60% of the total investment portfolio will be invested in a single security type or with a single financial institution.

5.0 **DELEGATION OF AUTHORITY**

Management responsibility for the investment policy is hereby delegated to the County Treasurer as required by state statute per MCL 48.40, who shall establish written procedures and internal controls for the operation of the investment program consistent with this investment policy. Procedures should include references to safekeeping, delivery vs. payment, investment accounting, collateral/depositary agreements and banking services contracts. No person may engage in an investment transaction except as provided under the terms of this policy and the procedures established by the Gladwin County Treasurer. The Gladwin County Treasurer shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials. The Gladwin County Treasurer is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft, or misuse. The internal control structure shall be designed to provide reasonable assurance that these objectives are met. The Gladwin County Treasurer can use one or more of the investment institutional raters available in the State of Michigan.

The internal control structure established will:

- 5.1 **Control of Collusion.** Collusion is a situation where two or more employees are working in conjunction to defraud their employer.
- 5.2 **Separation of transaction authority from accounting and record keeping.** By separating the person who authorizes or performs the transaction from the people who record or otherwise account for the transaction, a separation of duties is achieved. Due to the limited number of personnel available, the greatest degree of separation possible will be achieved to allow for the efficient function of the office.
- 5.3 **Custodial safekeeping.** Securities purchased from any bank or dealer including appropriate collateral (as defined by State Law) shall be placed with an independent third party for custodial safekeeping.
- 5.4 **Physical delivery of securities.** Book entry securities are much easier to transfer and account for since actual delivery of a document never takes place. Delivered securities will be held in Gladwin County Treasurer's safe.

- 5.5 Clear delegation of authority to subordinate staff members. Subordinate staff members must have a clear understanding of their authority and responsibilities to avoid improper actions. Clear delegation of authority also preserves the internal control structure that is contingent on the various staff positions and their respective responsibilities.
- 5.6 Written confirmation or telephone transactions for investments and wire transfers. Due to the potential for error and improprieties arising from telephone transactions, all telephone transactions should be supported by a confirmation call or written communications and approved by the appropriate person. Written communication may be via fax if on letterhead and safekeeping institution has a list of authorized signatures.
- 5.7 Development of a wire transfer agreement with the lead bank or third-party custodian. This agreement should outline the various controls, security provisions, and delineate responsibilities of each party making and receiving wire transfers. Gladwin County accomplishes this through wire transfer agreement contracts and signature cards.
- 5.8 Collateral deposit. Gladwin County reserves the right to demand evidence of collateral from institutions it invests in as permitted by Public Act 20.
- 5.9 Banking contracts. Gladwin County Treasurer will have on file signed contractual agreements with financial institution with which it does business.
