NEW BUSINESS:

Ron Taylor made a comment that there was only \$500.00 left and asked Mike from PLM if he was done treating. Mike stated that he has one more treatment. Ron asked how much? Mike stated less than that. There was discussion on how much to assess and who is in the district. Terry stated that he would have Spicer Group, or he would investigate it. Ron wants an email out to the board to how many parcels are in the district and what is Stacy recommendation. Kathy Mills lets the board know that this needs to be taken care tonight.

Mike from PLM gave his report on the lake. The lake is growing algae which is expected this time of year. Ron asked if the rain was a negative or a plus? Mike stated it depends on how hard did it rain, what was the weather like after it rain. Really hot and dry after a big rain is the worst. A hard rain can put more nutrients into the lake from run off from the grass, but it can also break up the algae. The lily pads aren't too bad.

Motion by Ron Taylor to pursue an increase on the assessment based on the amount left in the ledger and based on what our attorney and Spicer Group will recommend for us. Second by Craig Mills. All in favor. Motion carried.
