Additions to Agenda: None

Motion to approve the agenda by Alan Donaldson. Second by Terry Walters. All in favor. Motion carried

Correspondence: None

Financial ledger: Received and filed.

New Business:
Mike reminded the property owner of dates and times for board meetings.

Operations Update:
Mike let the board know that all inspections have been completed. There were 2 high water events but were handled without opening the trainer gate. The flash boards were out so that improved our flow. The flags have been installed ready for Memorial Day.

The Dam inspection was performed this year. Mike let everyone know this must be done every 3 years because it's a high hazard dam. Mike gave a summary of the Dam report. The was some discussion that the dam report didn't state all the history on the dam. It was determined that history would be documented in past reports so changes will be made.

Motion by Tom Stack to have the drain office to pay the incoming bills. Second by Alan Donaldson. All in favor. Motion carried.

Old Business:

Public Comment:
