PUBLIC COMMENT:
Some property owners had questions about harvesting. Mike Rajt commented that the residents need to take care of their own properties. The harvesters can pull about 80% off the lake. If the property owners can push the Wild Celery past their docks, then the harvester will be able to pick it up what they can. The harvester can go down about 5ft.

Motion to adjourn was made by Terry Walters. Second by Renee Zelt.
All in favor, motion carried.
